Weekly

Challenges

During our time at home, I'm asking students to creatively problem solve and tackle artistic challenges, while learning life-long skills such as persistence, reflection, and independence.

**Submissions
DUE on FRIDAYS!**

See Page 2 for
the *Challenge
of the Week!*

All student submissions
(photos or videos)
can be emailed to
ewestphal@ncajets.org

Updates will be posted on
the art website and on my
Instagram account:

artofthejets

How do I submit?

Challenge of the Week

DUE FRIDAY, APRIL 3rd

Option

#1

Hearts of Hope

Decorate your windows or doors for others to see while taking a walk or drive. Check out "*Hearts of Hope – Yooper Strong*" via Facebook!

Option

#2

Color Wheel

Create a *FOUND OBJECT* Color Wheel using items *found* around the house.

Who can submit?

Weekly challenges are created for my art students (K-12th grade, all classes) but are open to any and all members of the North Central Community – the more the merrier! All photo and video submissions are welcome. My goal is to create a challenge that can be completed individually or as a fun activity for a family.

New challenges will be posted every Monday.

Final Video

I will use all student submissions to create a collaborative **YouTube video** over the weekend to share with the JETS community every **Monday**. Videos will be posted on my **website** and shared on the *North Central Area Schools* Facebook page.
