Weekly

Challenges

During our time at home, I'm asking students to creatively problem solve and tackle artistic challenges, while learning life-long skills such as persistence, reflection, and independence.

**Submissions
DUE on FRIDAYS!**

See Page 2 for
the *Challenge
of the Week!*

All student submissions
(photos or videos)
can be emailed to
ewestphal@ncajets.org

Updates will be posted on
the art website and on my
Instagram account:

How do I submit?

Challenge of the Week

DUE FRIDAY, APRIL 10th

Option 1

EGGS

Use any and all supplies you can find to create a one-of-a-kind egg or a group of EGGS!

A few ideas – paint, traditional dyes, adding paper/cardboard to more 3D elements... endless possibilities!

Option 2

EYES

Make something come to life by adding googly or homemade eyes to it! The more silly, the better!

**New challenges will
be posted every Monday.**

Final Video

I will use all student submissions to create a collaborative **YouTube video** over the weekend to share with the JETS community every **Monday**. Videos will be posted on my **website** and shared on the *North Central Area Schools* Facebook page.
