

Challenge of the Week

DUE FRIDAY, MAY 22nd

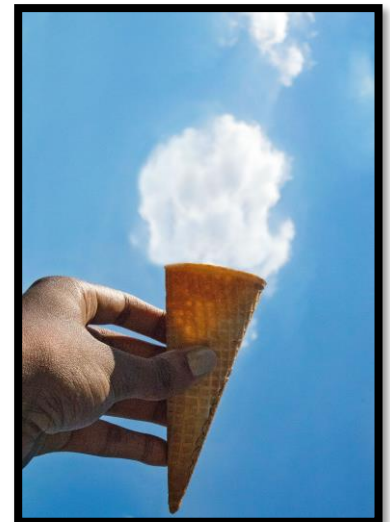

Forced Perspective Photography

Using any device you have that can take a photo, experiment with the concept of Forced Perspective. The concept is simple – create an optical illusion to make an object appear farther away, closer, larger or smaller than it actually is in real life. Additional resources for this are posted in Google Classroom.

How do I submit?
Attach photos via
Google Classroom Assignment

Non-Art Students:
Send email to ewestphal@ncajets.org
or message via Instagram (artofthejets)

New challenges posted on Monday

Weekly videos are posted on [YouTube](#), [Google Classroom](#), [NCA Facebook Page](#), and linked at artofthejets.weebly.com

Final Video

I will use all student submissions to create a collaborative **video** over the weekend to share with the JETS community each week.
If you do not want your submission posted publicly, please let me know.
